2011 Kiddie Kicker Campers & Staff

About the Coaching Staff...

Our camps provide a staff that is **UNPARALLELED!**

ALL of our coaches are nationally licensed and accredited professionals. These men and women have either played or coached professionally or collegiately and in addition to their soccer-specific coaching credentials, most also hold Bachelor's or Master's degrees in Child Development or Physical Education. Additionally, our camps traditionally have special surprise visits from national team and college players and Director Fran Kulas will be on the field for each and every portion of every camp!

About the Medical Staff...

Our camp holds the safety of our campers in the highest regard, which is why a Certified Athletic Trainer is present throughout every portion of the camp to provide the highest level of treatment for injuries, first-aid, and allergies.

About the Curriculum...

Kiddie Kickers Camps provide for age-appropriate activities and play geared toward helping the campers develop physically and socially, as well as technically in the game of soccer.

Player Development Camps provide for age-appropriate training for players considering travel soccer and/or those who have just begun playing at that level.

Each registered camper will receive an ADIDAS t-shirt AND soccer ball!

All sessions for the camps will be conducted at Concord Soccer's new complex located at :

2503 Naaman's Rd., Wilmington, DE 19801
